Standing At The Crossroads

The college experience might be called many things. It is a time of maturing. It is a time of transition. It is a time to discover who we are and who we wish to become. Above all, it is a time of decision.

College is the time we will spend standing at the crossroads. While here, we will reflect on the places we have been, the experiences that we have had, and the friends that we have made. We will also enjoy new experiences and form new friendships which will last a lifetime.

Finally, college is a time in which we must decide which path to follow. We are at the crossroads, and there is a countless number of paths in front of us. Each individual must choose which trail he or she should travel by.

Regardless of which road we decide to take or where our journey leads us, we should enjoy our time together. We should cherish the friends we make. We should hold to our memories while pressing toward a new day. Above all, we should treasure the days we spend ... AT THE CROSSROADS.

Where Do I Go Now?

We have come a long way and traveled a great distance. The simple fact that we are college students proves that we have accomplished many things. However, having arrived at the crossroads, we are faced with an important question: where do I go now?

It is a complex question that has been asked throughout civilization. Yet, there is a simple answer. Go forward. Treasure your memories but do not dwell on them. Never forget the magic moments of the past, but never miss the dawning of a brand new day. Take up your anchor and sail out in search of your dreams.

Where do I go now? Perhaps Charles F. Kettering answered this question best when he said, "My interest is in the future, because I am going to spend the rest of my life there."

The Wilderness

While in college, we have so many things pulling at us. We have tests to study for, papers to write, and assignments to complete. And what about after college? Should I pursue a career? Should I go to graduate school? These are questions that cross the mind of most college students. The day to move on quickly approaches. As we decide which way we should journey, remember the Israelites' journey to Canaan.

Walking twenty miles per day, it should have taken them ten days to

cross the Jordan River. However, God led the children of Israel about through the wilderness. It took them forty years ... but they made it to the Promised Land!

When considering the path down which you should journey, consider the wilderness way. Robert Frost once wrote, "Two paths diverged in the woods, and I took the one less traveled by. And that has made all the difference."

Some excited students celebrate their success at the Greek Olympics.

It's amazing what you can make out of a balloon.

Claim Your Mountain

The movie *Dead Poet's Society* reminded the world of the old Latin phrase "Carpe Diem", which means "seize the day". This is a simple yet profound statement. We should approach each day as the first day in the rest of our lives. Not taking anything for granted, we should tackle the challenges we encounter at the crossroads and beyond.

Louis O. Caldwell told the story of a high school class that visited the White House. Their teacher asked them to write their impression of the visit. One young man wrote, "I was glad to have the opportunity to visit my future home." This student knew the mountain he intended to climb: the presidency of

When considering the mountain you wish to climb, remember the advice given by Rudyard Kippling, "Don't put too much emphasis on fame and fortune. One day you will meet a man who needs none of these things and then you will know how poor you are."

Set your sights on the future. While you are at the crossroads, survey the paths in front of you. Choose the path you are to follow. Then, press forward ... and CLAIM YOUR MOUNTAIN!

Freshman Orientation: Welcome to the Jungle!

August 23, 1992...We'll I'm here. It's my fürst day at Union. So far, everythings going okay. Only freshmen are here.

The sky was overcast as the largest freshmen class at Union moved into their new homes. For the first two days, the large group was given a chance to become familiar with the campus. Thanks to FOCUS (Freshmen Orientation Counselors of Union Students), the new students were given an opportunity to ask questions, make friends, and calm the fears of college.

The days were filled with activities to stimulate bonding between the old and the new. The orientation concluded with the finals in the Goofy Olympics. It was definitely a time to remember!

college and in were given an overview of life at Union during Campus Day 1992. Campus Day was held on Oct. 3, 1992. Following registration and a brief campus welcome, students were invited to attend a variety of scheduled events.

Departmental exhibits were displayed in the gym, giving visiters a chance to ask questions and become familiar with the academic aspect of campus life. Clubs and Greek organizations set up booths as well, allowing the students to learn more about the non-academic activities that Union has to offer.

The Greek Olympics started at 3:30 p.m. as all six fraternities and sororities met on the field equipped for battle. The Greeks competed in the softball throw, the relay race, tug or war, pyramid building and the chariot race. Sigma Alpha Epsilon (SAE) clinched a victory in the fraternity competition by winning three of the athletic events.

Competition was also present in the area of displays. SAE and Chi Omega won in the Greek divisions. For departmental exhibits, first place was awarded to the English department. Alpha Psi Omega was recognized as the winner of the display competition among organizations.

Campus Day 1992 concluded with the music of Al Denson and 90 decisions being made for Christ.

Union University's Campus Recreation program strives to provide a wide range of activities for all students. The goal of Campus Recreation is to provide everyone with activities in which they can participate. The program is composed of intramurals (individual and teams), aquatics (free swim and planned), SAC, CAT, GAP, and the Outdoors Club.

The activities are as diverse as the student body. No one is left out of the fun. Activities have included mud football games, horse-back riding trips, and trips to baseball games such as the St. Louis Cardinals. Additionally, campus recreation sponsors an annual ski trip in the winter and a Bahamas cruise during spring break. From the Howdy Party to movie nights, there is a wide variety of activities awaiting Union students--all sponsored by the Campus Recreation program.

The Campus Activities Team (CAT) prides itself in providing entertainment and recreational possibilities for on-campus enjoyment. Past activities have included Friday night movies shown in the student lounge, remote control car races, and rubber dart wars.

Building Toward the Future

Lock, up up with the growing student body, the campus is expanding. The school is building new doms behind the Blasingame Complex to accomodate the university's recent growth.

Additionally, there is a new entrance connecting the campus to Country Club Lane. The entrance will lead visitors past the basehall field and to the Pennick Academic Complex.

Perhaps the most exciting planned

expansion is the 52,000 square foot Student Union Building that is schedule for completion during the fall of 1994. The cafeteria, bookstore, post office, student affairs office and religious affairs office will relocate in the new building.

The completion of the student union building will end Phase 1 of the campus redesign project as Union moves toward the 21st century.

Baptist Student Union

To Know Him...To Make Him Known

When you awake each morning, it may seem as though you are "at the crossroads." As one strives to live a Christian life, each day brings many crossroads in which decisions must be made as to which road to follow.

The Baptist Student Union (BSU) provides numerous ministry opportunities as road signs directing students on the right path. Among the many ministry teams are Sonshine Puppets, Vision Clowns, Hands for Jesus, Impact, and Witness. Plus, there are numerous off-campus outreach ministries available. Additionally, each Monday evening everyone is invited to join the BSU in Campus Worship.

With a plethora of ministry and BSU activities, following the right path is not difficult.

Which path are you on? Remember...the straight and narrow highway doesn't have traffic problems. "Enter through the narrow gate. For wide is the gate and broad is the road that leads to destruction, and many enter through it. But small is the gate and narrow the road that leads to life, and only a few find it," Matthew 7:13-14 NIV.

Missions: Reaching Out to Others

In addition to being devoted to academics, Union University is dedicated to reaching out to others. 1992-1993 brought a year filled with mission projects.

From organized projects such as Habitat for Humanity and the Honduras mission trip to the spontaneous Thanksgiving food box, Union students and faculty hope to reach out to others with the message of how great God is.

With the work of students and faculty and other generous supporters, Union's mission program attempts to meet the needs of the community and world. We are reaching out to others!

A Student's Day

A day in the life of the average Union student! This is a simple title with a very complex definition. There is really no such thing as an average Union student and no such thing as a typical day. Each day presents a new set of obsticats and many new and exciting experiences.

Because we are all referred to as the "Union Family," perhaps the best way to describe our day is to call it a family adventure on a college campus. Whether students are checking for mail from home, buying a new Bulldog sweatshirt in the bookstore, or just sitting around in the commons, there are always great times to have and fond memories to make.

Every day at Union brings forth many surprising experiences. Students never know what a day will hold.

CHANGING TIMES

And The Winner Is ...

After a grueling thirteen month campaign. Governor Bill Clinton of Arkansas and Senator Al Gore of Tennessee ended twelve years of Republican leadership by winning their bid for the White House on November 3, 1992.

Fifty-one percent of U.S. voters turned out to give the Clinton/Gore ticket 370 electoral votes defeating the Republican incumbents, President George Bush and Vice-President Dan Quayle, and independent newcomer Ross Perot.

The roller coaster campaign included the drop-out and re-entry of Perot, a Texas billionaire who gained more support than any other independent candidate in recent years. Perot failed to win any electoral votes although he did gain a small percentage of the popular vote.

Andrew Strikes

Hurricane Andrew struck southern Florida on August 24, 1992, with wind gusting to 164 mph and a 12-foot tidal surge that flatened many homes, uprooted trees, flung boats into the streets and wrecked an entire Air Force Base.

The hurricane continued on, carving its way through the plantation country of Louisiana, throwing tornadoes like darts at a 100mile-wide target and pumping torrents of rain at storm-weary Louisianians.

Fifty five deaths were directly or indirectly linked to the hurricane — 41 in Florida, 10 in Louisiana and four in the Bahamas.

Hurricane Iniki dealt a direct blow to Kauai, one of the Hawaiian Islands, on September 11, 1992, with winds gusting to 160 mph and torrential rain. It destroyed buildings and damaged many others on the island of more than 50,000 people, one official said.

THE NATION AND THE WORLD Boat People Attempt Escape To United States

Is it political persecution by the military or desperate poverty, as the Bush administration suggests causing Haitians to flee their homeland and seek asylum in the United States?

Initially, the Bush administration accepted the refugees at the U.S. naval base at Guantanamo Bay, Cuba. About 27,000 of them were denied asylum and returned to Haiti.

On May 24, 1992, President Bush decided that Coast Guard cutters would intercept the Haitians at sea and immediately return them to their country.

Lawyers representing the Haitians filed a lawsuit to challenge the policy while boat traffic from Haiti virtually stopped.

The Supreme Court will decide this year whether the Bush administration is violating immigration law by sending Haitian boat people back to their country without a hearing.

Slavic Stife Continues

The territory of Yugoslavia for centuries was a battleground between the Austro-Hungarian and Ottoman empires.

Of the 24 million people living there, Serbs account for about 36 percent and the Croats for about 20 percent of the population. Other Slav groups are the Slovenes, 8 percent: and the Montenegrins. 3 percent. Ethnic Albanians make up 9 percent of the population. This ethnic diversity has been a source of strife for centuries.

President Tito, who ruled from 1945 until his death in 1980, kept a tight lid on these internal ethnic rivalries. Since his death, however, central power has been eaten away by the feuding republics.

Inhabitants of the territory are confronted daily by the shelling, sniper fire and death of war. They take to the streets during the occasional cease fire, pushing and shoving, trying to buy bread and other staples necessary to live.

The war has left thousands dead has sent more than a million fleeing and led to the creation of dreaded detention camps, likened to those of Nazi Germany.

CHANGING TIMES ...

Catch The Spirit

An era of amateurism passed into an age of professionalism and the Olympics were transformed forever, when professional athletes were allowed to compete in the 1992 Summer Olympics in Barcelona, Spain.

Countering the attacks of commercialism, coach Chuck Daly argued that the presence of pros could do nothing but enhance the event. "There's 183 countries and 3 billion people watching these games," Daly said. "And somewhere out there now is a 13 year-old who wants to be a Michael or a Magic, a Larry or a Patrick. That's the role of these games," he said. "That's what happens in all of these sports. It gives people a dream."

The United States emerged from its two decade Olympic funk, finishing only four behind in the closest medals race since America won in 1964 in Tokyo. Now it stands poised to rule the sports world in Atlanta in 1996 after arguably its greatest Summer Games.

America's 108 medals surpassed by one the total in 1968 and trailed only the inflated totals of the Soviet-boycotted 1984 Los Angeles Games and the 1904 St. Louis Games, attended by just 12 nations.

Pictured here are the "Dream Team" during the first half of their semifinal game with Lithuania; U.S. volleyball player Bob Samuels, celebrating victory against Canada; and Shannon Miller performing her floor exercises.

Toronto Defeats Braves 4-3

There's a new flag flying over Canada
— the World Series pennant.

The Toronto Blue Jays took baseball's championship outside the United States for the first time ever, beating the Atlanta Braves 4-3 in 11 innings in Game 6.

After surviving more ninth-inning magic from the Braves, the Blue Jays won it all — and lost their loser's label forever — when Dave Winfield's first World Series extra base hit scored two runs with two out.

"It's been a long, hard battle," Toronto manager Cito Gaston said. "But I said from opening day, these guys have been focusing on this very thing."

The Braves, meanwhile, became the first team to lose consecutive World Series since the 1977-78 Los Angeles Dodgers.

A cheering, chanting delirious sea of humanity flooded Toronto's city center on October 25. The glow from this win will keep Canadians warm all winter.

CHANGING LIVES

See And Understand

Amsterdam, Netherlands, hosted the largest gathering of AIDS experts a July, but there were no breakthroughs on halting the deadly sweep of virus. The 12,000 participants had the opportunity to hear some 1,000 peeches and discussion on virtually every aspect of the disease, from ovel combinations of drugs to the pace of viral mutations.

People signed panels of the AIDS Memorial Quilt in New York. The xhibition is part of a 35-city national tour.

In 1492 ...

Escorted by more than 1,000 private boats, replicas of Christopher Columbus' ships arrived in the United States on February 15, 1992, as part of the 500th anniversary celebration of his voyage to the New World.

Miami, FL was the first stop in a 20-city U.S. tour where more than 5,000 people cheered from docks and waterfront roads as the wooden reproductions of the Nina, Pinta, and Santa Maria sailed into its harbor.

The ships, Christened in Spain in 1990, were built with the same materials carpenters used to build the original ships. Hand-forged nails were modeled after some recovered from a 16th century shipwreck. The sails are made of linen, the closest natural fiber to the original hemp canvas.

Union has a fine, longstanding tradition of strong student government and student leadership. These organizations were formed to foster better relations between the students and the administration and thus serve as the students' direct voice to the administration. The Student Government Association is the united voice helping to direct the affairs of Union. The Prexy Club consists of students who are elected to the top leadership position in their respective organization or class. Student Foundations members are the ones who lead those tours around school. You know, the ones you see coming and do something weird to scare them. Social Studies

Union provides many opportunities for fellowship amongst students who have realized academic achievement in or who are interested in specific subject areas. One of these organizations is Phi Alpha Theta, the honorary History club for Seniors with a certain GPA in this area. For students interested in History, the Rutledge History club is for those holding a 2.5 in the subject. Pi Gamma Mu is an international social science honor society. The Psychology and Sociology club is for students majoring or minoring in these areas. Professional organizations provide information and help for future careers in their respective subjects.

Business & Politics

Two new organizations joined Union's campus this year: the Accounting Club and College Republicans. The College Republicans are sponsored by a new teacher in the communications department, Dr. Jim Edwards, former Senior Writer for the Republican National Convention. The group took a bus down to Atlanta for the Vice Presidential debate in October and also sponsored a well attended pre-election gathering (open, of course, to all parties) the night before the presidential election.

echnology & Care

One of Union's most demanding programs is its nursing program, known for its excellent and well prepared graduates. Union's byrsubg origran extebds beyond its Jackson campus to a Baptist Memorial Hospital campus in Memphis. Here in Jackson, nursing students are involved in the BSN Sutdent Fellowship, which provides an informal forum for learning and fellowship. Union's National Student Nurse's Association is constantly contributing to the nursing education to privide the highest quality health

Organizations Abound

In case you have not picked up on it yet, there is an organization on campus for every student, no matter what he or she is interested in. You say you like Freshmen? Well, you need to be in FOCUS. That is the group of students who help with Freshman orientation. (They are notorious for having tremendous fun.) The Association for Computer Machinists is here for all those lucky enough to really understand computers. Sigma Delta is comprised of those students majoring or minoring in Physical Education. The Ministerial Association is not just for students who really love hearing sermons. They are actually one day going to deliver them! Obviously, there is an organization to meet every need of Union's students...and provide some fun at the same time.

C reative People

Zoiks! Creativity abounds on Union's campus! Alpha Psi Omega is the honorary theatre fraternity, promoting interest in this area. This year they sponsored the Homecoming play, Shakespeare's The Twelfth Night. AERho is the communications department's broadcasting fraternity. Yes, actually, broadcasting happens to be a very creative field. Kappa Pi has a new name this year, Art Union. (very clever) A new group to our campus this year is the Inprovisation club, learning to develop the talent of impromptu performing and using it to reach others, as well as teaching them to do it, in the church and school community.

S tudent Publications

Some of the hardest working people on campus are shown here. Union's newspaper, the Cardinal and Cream, has a new look this year and it is better, and more popular, than ever. The yearbook, Lest We Forget, has a new editor and staff members, as well as some nifty new computer aides and a elever new sponsor, Dr. Kina Mallard. The Torch is a publication of Union's own student writings and artwork. And finally, those learning to promote images, the PR Society, have formed a group to gain a better understanding of the public relations world. Of course, these publications come out usually as a result of the very hard work of the dedicated few. Of course, we are at college to be prepared for the real world.

A Misconception

"There's nothing to do around here". Perhaps one of the most often heard yet most incorrect statements around campus. So Jackson isn't a collegiate Disneyland. Thanks to organizations like the Student Activities Council, the Campus Activities Team, the Greek Activities Panel and the Outdoor Club, there is always a movie to see, some bowling to do, a go-cart to ride, or a trip to take. And the best part is, they accomodate our limited funds! Yes, thanks to these fun filled organizations, college may not be a barrel of laughs, but at least there's something to do on study breaks!

Dorm Councils

Union's residents are basically self-governing bodies. Every year, men and women living in the complexes run for positions on the Dorm Councils and the Resident Life Board. These organizations take suggestions and comments from the residents and turn them into action. If there is a problem within the complex, voicing it to one of these groups will usually solve it. These groups are also responsible for deciding when open dorms will be and providing other treats for the residents. You know that excellent food we get during final exam week? Well, thank these organizations for that and all their hard work making the dorms a more comfortable place to live.

H istorically Speaking

Alpha Tau Omega was the first fraternity founded after the Civil War. Its purpose was to bring together men of the war torn North and South in brotherhood on college campuses all across the nation. ATO was founded by an Episcopal priest who would allow no less than stressing the recognition of true merit wherever found. The Beta Tau chapter may not always exemplify its Christian founding, but Beta Tau strives to promote the elimination of prejudices. The ATO members of Union University are extremely proud of their brotherhood.

he Legacy Continues

The Upsilon chapter of Chi Omega has had an exciting year. Rush Week escalated until Bid Night, when Chi Omega chose thirty-eight new girls to join their sorority. These pledges were exposed to fun and frolic of Greek life when they met other pledges of other fraternities and sororities in their Fratty Friends party. Other theme parties were Movie Night and the Yippee Chi-O parties. Chi Omegas dominated Campus Day by winning the Greek Olympics and the best Greek display and they have won the Scholarship Trophy for the past forty-four years in a row! The largest Sorority on campus, Chi Omega has become quite a legacy here at Union.

Naught Without Labor

From working on the habitat house to scholastic awards, the men of Lambda Chi Alpha demonstrate their willingness to work which is a central theme for this group of hard-working men. Lambda Chi Alpha has earned its reputation as an organization of hard workers in the campus blood drive, which was one of the largest in West Tennessee. In addition, "Raiders for the Needy" and "Adopt a Highway" show that the men of Lambda Chi Alpha truly believe that nothing is gained without labor.

Here To Stay

In their fourth year at Union, the ladies of Kappa Delta is showing that they are here to stay. There it is, next to the Chi Omega house, the sign that says "Future home of Kappa Delta Sorority". Indeed, the Kappa Deltas are here and making quite a name for themselves. They had the 1992 Homecoming Queen. Leighanne Carter. They also had their well known Monster Mash Halloween party as well as String Along in which pledges find Big Sisters. Then, of course, the Christmas Formal in December put everyone in the holiday mood.

T rue Gentlemen

The men of Sigma Alpha Epsilon display their Christian and moral beliefs as stated in their creed, "True Gentlemen", through their support and involvement in campus and community activities. Participation in orgainzations such as SGA, BSU, Special Olympics, Exchange Club/Carl Perkins Child Abuse Center, and CP Telethon show that they believe the integrity of an individual preserves his or her values. Community service continues this belief as they help others.

To Seek The Noblest

When it comes to having a good time, the ladies of Zeta Tau Alpha like to share the fun with those who are less priveleged, as is evidenced in the many charities with which they are involved. They are also into community service with their adopt a highway program. The spirit to help others arises from personal happiness, and the Zetas see to it that their members have plenty to be happy about. After their Bid week party, they frolicon their hayride, dig into their Beach party and shiver at the Big Little Halloween party.

ower to the People

Yes, Union has alot of rules. Yes, they are made by faculty and trustees. No, there's not alot we can do about them. But...there are a few organizations on campus who are ruled not only by the school but by their own "personal" governing bodies. Panhellenic council and Interfraternity council set the rules and governing regulations for the social Greek organizations and it is made up of actual Greeks. The Religious Activities Council takes care of ministries on campus. They too are actual students. Yes, here at Union we've got it good. Just enough self-rule to be independent. Enough administrative rule that no one gets hurt.

inistry Teams

The goal of Union's BSU ministry teams is to share the love of God in as many ways as possible. Vision Clowns is open to anyone who is willing to don a wig and be a "fool for Christ", bringing smiles and laughter through skits and clowning. Sonshine Puppets is open to all who would like to reach out to people and show God's love through puppetry. Witness is an audition singing group that travels to other churches expressing love through song. Impact is the audition drama team that really makes an "impact" on others for Christ. These teams also perform at nursing homes and occasionally at secular community functions, as well as helping to prepare SPOTS teams for ministry.

Union's Beatniks

It's Monday, 5:30, and you're in the cafeteria. Suddenly, you hear singing floating in from down the hall. It's a medley of everything from Elvis and 70's hits to "Hooked On Latin." That's right, chorus just let out. The Music Department, one of the most unique departments on campus, is also the largest department on campus. To find out what is happening, one just has to walk down the "music hall" and eaves-drop. There you can hear about everything from music literature, art, gossip, and something about "that stupid Guido thing." This department is almost like a subculture here on campus, but you do have to admit, they are very talented folks.

I 'll Take Music For 100

The answer is "Chapel relief"...."Uh, what are the student musicians?" Union's musicians always bring more life to chapel. Whether it is the handbells at Christmas, hearing the band concerts, or listening to someone tear it up on the piano during the special music, they always add that little spark that makes you look up from your books and hum that tune until lunch. Now for the Audio Daily Double, who picks out the songs for the special music?

Men's Basketball

A year ago, Coach Rick McCormick's Bulldog Basketball team tried on the glass slipper, it fit perfectly. During the course of the '92 campaign, even the most Ioval Bulldog fan probably would have been shocked had they known what was to come. Coach McCormick's team was competitive throughout the season and was able to put together a year that they could be proud of. However, local media gave the 'Dogs little chance of success in the

1992 District 24 Tournament. The very thought of Union advancing to the Nationals was so farfetched that it wasn't even mentioned. However, that is exactly what happened. The Bulldogs managed to pull off what is perhaps the greatest cinderella story in Union University sports lore. The 'Dogs pulled off upset after upset in a run that saw them win the District 24 Championship and advance to the NAIA National Championship

Tournament at Kemper Arena in Kansas City, Missouri.

With a very strong team returning to the Union campus for the '93 season, expectations are running high. However, the 1993 Bulldogs enter the season as defending champions which means that they are a marked team. Everyone will be looking to dethrone the 'Dogs. However, Coach Rick McCormick took no time in proving that his Bulldog squad was equal to

the task.

After a somewhat sluggish start, the 'Dogs went to Nashville to play a Belmont squad that was the number two ranked NAIA team in America. Although they were a huge underdog, the Bulldogs shocked Belmont and the rest of the country by pulling off a huge upset.

This win positioned the Bulldogs for a national ranking and yet another run at the District crown and the National Championship Tournament.

Women's Basketball

The Union University Lady Bulldogs entered 1992-93 after coming off an extraordinary season. When the Lady 'Dogs come on campus during the fall of 1992, they were fresh off their first ever appearance in the Final Eight of the NAIA National Championship Tournament at Oman Arena in downtown Jackson, TN. The Lady Bulldogs thrilled hometown crowds of over 5000 fans, shattering tournament attendance records.

Having graduated only one

senior, sensational point guard Ressia Jackson, the 1993 squad entered the new season looking to make another run at the National Tournament.

The Lady Bulldogs started the season with a bang, being ranked number 6 in the nation in the preseason polls. They quickly proved that they deserved their ranking by defeating number five Clafflin College.

The Lady 'Dogs looked to be rolling, then team injuries and adversity provided a December roadblock. Three straight losses to ranked teams raised doubts around the area and the country. However, the Lady Bulldogs proved equal to the challenge.

An 83-67 victory over previously undefeated Lambuth and a road win over defending District Champion Belmont once again put Lady Bulldog basketball in the spotlight.

With a healthy squad and an extremely talented group of ball players, the Lady 'Dogs readied themselves for a return trip to the National Tournament.

Senior guard Pam Harrison said, " ... we pulled together and proved that we could still play ball ... we're back."

The Lady Bulldogs determined in their minds that nothing would stop them from a berth in the Nationa Championship Tournament If history is any indication you don't want to stand ir Coach Blackstock's way when his team is determined

Jennifer Gurley leads a fast break. The Lady 'Dawgs score two.

Baseball

Head Coach Andy Rushing enters the 1993 baseball season with high hopes for an outstanding year. Coach Rushing returns seven starters off a team that went 33-21 in 1992.

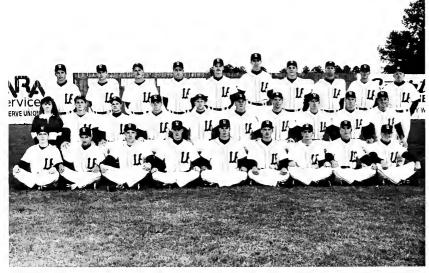

However, the going will not be easy. The Bulldogs will face an extremely challenging nonconference schedule. Coach Rushing's squad will play sixteen games against NCAA Division II teams and six games against NCAA Division I competition.

Coach Rushing said that Cumberland University appears to be the team to beat this season. They won the District 24 Championship last year before bowing out in the Area Tournament.

The Bulldogs have good talent to build around. Jamie Giannini, a junior catcher from Memphis, received All-Conference and All-District recognition last season. The defense looks to be very solid for '93. Aside from the defense, pitching should be another strong point for the Bulldogs. Coach Rushing looses only one pitcher off last year's staff. "Defense and pitching will be our strengths, how good our offense is will determine how far we go in the post season," Rushing commented.

The Bulldogs will face tough competition from the start of the season until the last out is called. However, Coach Rushing feels his team is prepared for the challenge. "We have experienced starters and we expect to benefit greatly from that," concluded Rushing.

Don't take too big of a lead!

Defense should be a strong point for the '93 Bulldogs.

Golf

There is a hint of excitement in the air when golf is mentioned around the Union University campus, and rightfully so. For the first time in the history of the school, Union ranked in the Top 25 in the nation among NAIA schools. Union returns six players to the '93 squad. Three of which; Steve Stafford, Jason Martin, and

Keith Dory; earned all-conference honors a season ago.

During the spring, the squad competed in four tournaments. They finished in the top eight in all of them. The highlight of the spring came at the Nashboro Village Tournament which was hosted by David Libscomb University. The Bulldog golf team finished second in this tourna-

ment. Among the NCAA Division I teams the Union squad beat were MTSU, Austin Peay State University, Tennessee Tech and Vanderbilt. Keith Dory finished first in individual competition.

Coach Don Morris feels that his squad has a good chance of moving up in the NAIA rankings. His team's ultimate goal is to win the NAIA District Championship. He feels his team has the talent and experience to advance to the Nationals in Jacksonville, Florida.

"We're going to work hard to move up in the rankings and win the tournaments we need to win. If we have to pay the price, then that's what we'll do." said Coach Morris.

Men's Tennis

Coach Brice Bishop brings a very young Bulldog tennis team in to face one of the toughest districts in the country. However, Coach Bishop still has a hint of confidence about him. "Although we are a young team," Bishop says, "we are a talented young team."

Only two Bulldogs come into this season with any tennis experience on the college level. However, Bishop feels that the talent level among this year's freshman class is higher than it has been in some time. Those freshmen will be counted on to make an immediate impact on the Bulldog tennis program.

Although the Freed-

Hardeman University Lions will be the odds on favorite in District 24, they are ranked number fifteen in the nation among NAIA schools, Bishop feels that the conference is very evenly matched from top to bottom.

Coach Bishop, in his second year at Union, feels he will have a competitive team this year. Early nonconference matches against several ranked NCAA teams should help prepare the Bulldogs for an exciting conference race. "We set our goals high and work as hard as we can," added Coach Bishop, "we don't try to finish second ... we try to finish first."

A good backhand is important to a great game.

Women's Tennis

The 1992-1993 Lady Bulldog tennis team will be looking to build upon the success of a season ago. Last year, the Lady Bulldogs were NAIA District 24 Finalist and fell just short of advancing on to the NAIA Nationals.

The Lady Bulldogs should be blessed with a good deal of experience coming into this season. Head Coach Sandra Williams returns all but one player off last year's team. The Lady 'Dogs will be led by seniors Shari Brantley and NAIA Scholar-Athlete Jennifer Whitwell.

Coach Williams believes that a tough nonconference schedule early will help prepare her team for an exciting conference race. Among the nonconference teams on the Lady Bulldog's schedule are the University of North Alabama and Murray State, both of which are NCAA powers. Coach Williams' squad also looks to gain experience from a competition held at Hilton Head, South Carolina which draws some of the top teams from across the country.

Freed-Hardeman University, the defending District 24 Champions, looks to be the team to beat once again this year. However, Coach Williams believes that with a little luck, her team could find themselves in a position to dethrone Freed-Hardeman. "I have high expectations for this group of girls," Coach Williams comments, "and I know they will give it their best throughout the season."

Intramurals

1992-93 proved to be another great year of intramural competition at Union University. The flag football program on campus endured several changes. For the first year, Union instituted the rules of the National Intramural recreation Sports Association into its flag football program. The volleyball season also proved to be another huge success this fall.

Although flag football and volleyball are the most popular sports during the fall, there are still plenty of other activities to choose from. For the second year, there was an indoor soccer tournament. Participation in this program increased one hundred percent. A tennis

tournament and a racquetball tournament also gave students a variety of events from which to choose.

The spring kicked off with the start of intramural basketball season. Over 130 games provided lots of action for participants and spectators alike. The other major sport of the fall is softball. These competitions are complemented by an intramural run, a weightlifting tournament, a freethrow competition, a three point shootout, a swim meet and even a golf tournament.

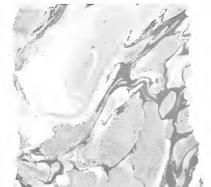

Regardless of what your favorite sport happens to be, the intramural program at Union has something to offer everyone.

Flag football is the most popular of the many intramural sports Union offers during the spring.

At long last, the 1992-93 <u>Lest We Forget</u> is complete. It has truly been as honor for me to serve as editor for this yearbook. Although many long hours and late nights went into the publication of this book, I would not trade the experience for anything. In this book, I hope we have been able to capture moments that will provide fond memories for now and for years to come.

I could not begin to thank all the people who made this book possible. However, there are a few I must mention. I will always be grateful to Cam Tracy for helping me become accustomed to editing a college yearbook. I would also like to thank Dr. Kina Mallard. Without her understanding, I would have gone crazy long before this book was finished. A special thanks goes out to Johnny Cole of Walsworth Publishing Company. He trusted me with the great task of serving as editor of this book and was always willing to help in any way I needed. Finally, I would like to thank my staff. The 1992-93 Yearbook Staff was simply the most dedicated group of people I have ever had the opportunity to work with.

And so, this closes yet another chapter in our lives. Look with a hopeful eye toward the future, a nostalgic eye toward the past, and enjoy your days here...AT THE CROSSROADS.

May God Bless Us All,

Michael Russell
